

# A BREATH OF FRESH AIR

**PRESENT YOUR ACTIVITIES OUTDOORS. THIS IS A TIME TO EXPLORE YOUR ENVIRONMENT AND TAP INTO THE POTENTIAL OF EVERYTHING AROUND YOU.**

**1**

**Challenge yourself to find unexplored spaces and use them in your activities, making them the focal point for you and your group this summer.**

**2**

**Use your imagination to take your indoor activities outdoors. Open-air cooking workshops are totally possible!**

**3**

**Optimize the potential of the space around you. Have you carefully observed your environment?**

- Walls become allies in creating teammates. Use them to play ball games.
- Rethink asphalt surfaces. Emphasis on wheels: Give campers a place to skateboard or practice inline skating, or ride a scooter. Make sure these activities are permitted at your camp beforehand.

**THANK YOU FOR FULFILLING YOUR MISSION TO PRESENT OUTDOOR ACTIVITIES THIS SUMMER!**
