

MULTIAGE

# REMOTE CONTROL RACE

Solve the riddles and follow the path guided by the giant remote, controlled by the counsellor.

## MATERIAL

- Remote control poster (see following pages)
- List of riddles (see following pages)

- Movie posters (see following pages)

## STEPS

### 1 Get ready

- Make a giant remote control (alone or with the help of your campers). You can also print the remote control on the following pages.
- Print the movie posters and set them up at different places so the campers can move from one to another.

### 2 Play the game

- Have the campers guess the types of movies. You can use the list of riddles (see following pages) or come up with your own questions.
- After a riddle is read, campers have to guess the movie category and then move towards the movie poster representing the category.
- Use the giant remote to control how the campers move towards each poster.
  - For example, make the campers move in fast-forward, backwards (rewind), etc.
  - When you press the pause button, the campers have to freeze.
  - You can also use your imagination to make them move in different ways.

### 3 Encourage the campers to share their thoughts

Don't forget to ask your campers for feedback on the activity. Adapt the questions to their age:

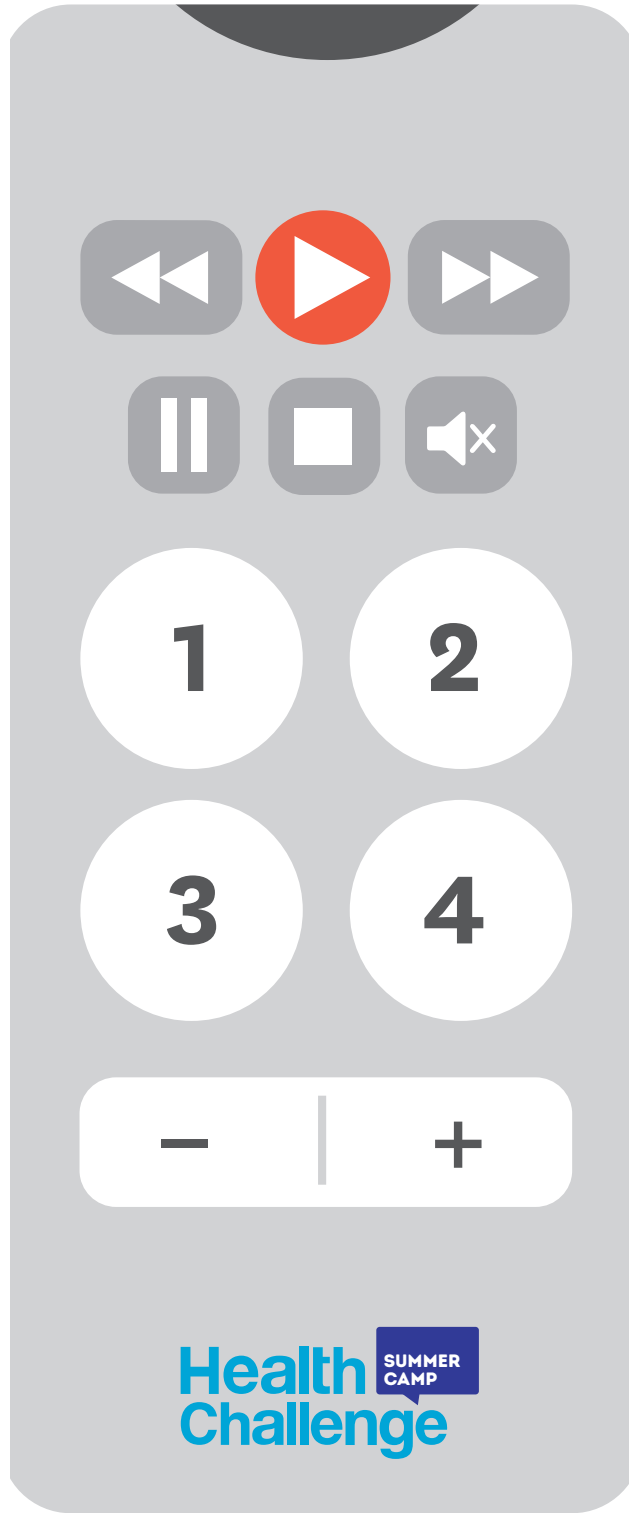

- Which command from the remote control did you like best?
- Did you know all these types of movies?
- What is your favourite type?

The remote control race is inspired by an activity from the Montmagny day camp.
